

$1 + 1$

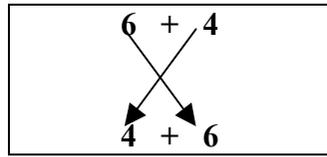

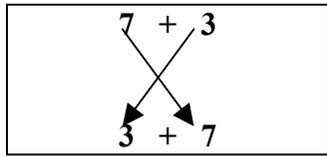

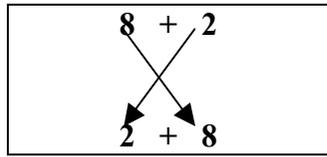

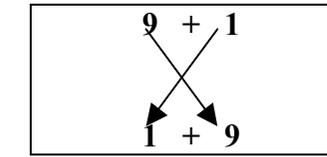

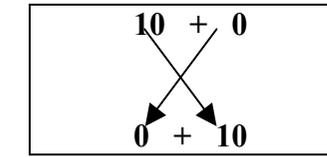

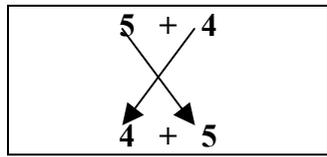

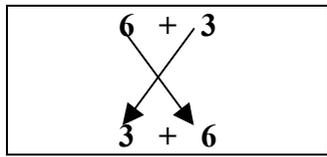

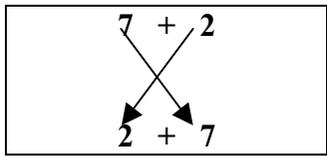

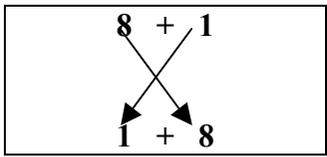

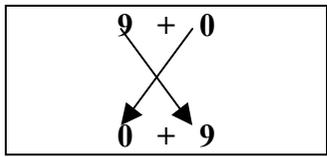

$2 + 2$

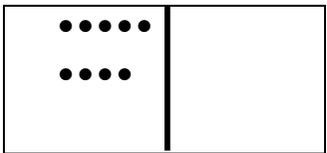

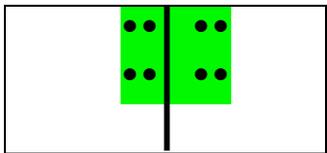

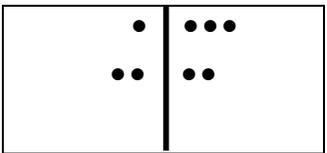

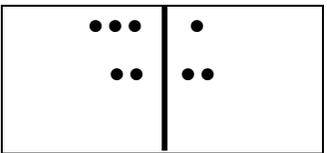

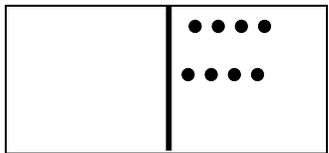

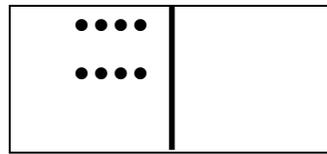

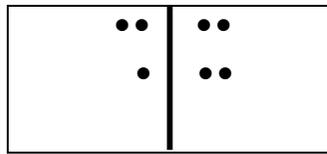

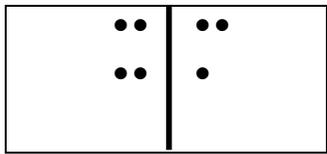

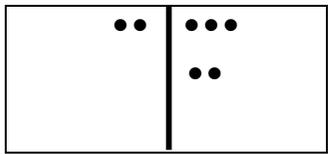

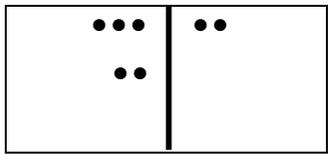

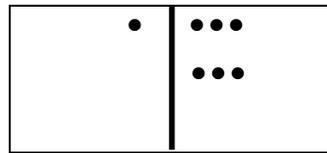

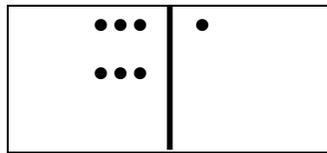

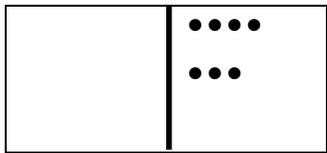

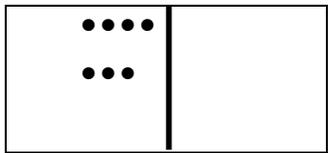

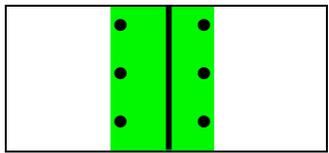

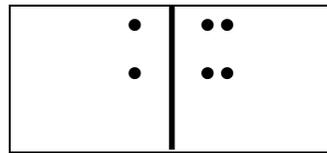

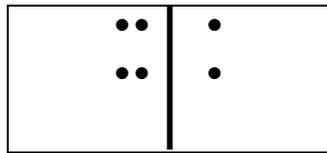

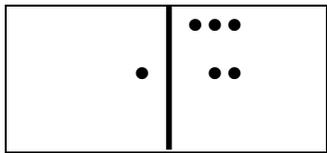

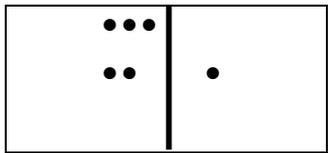

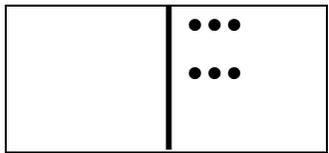

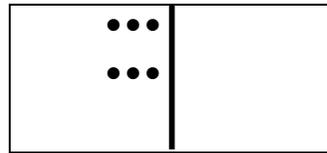

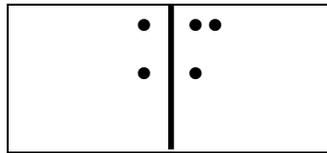

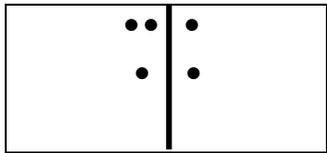

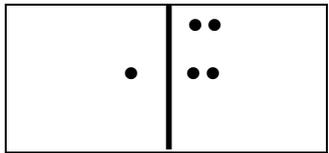

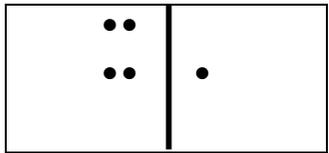

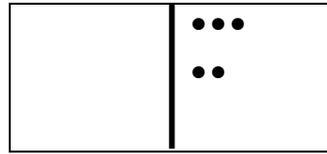

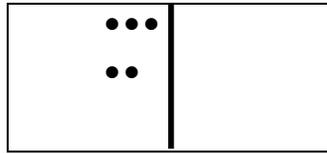

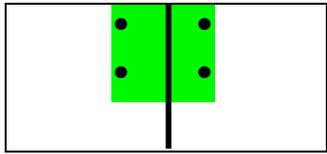

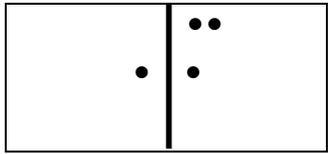

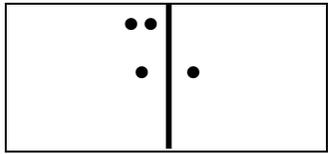

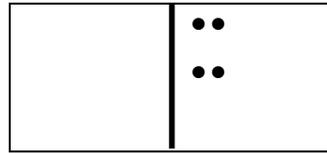

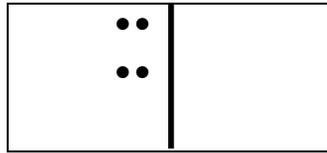

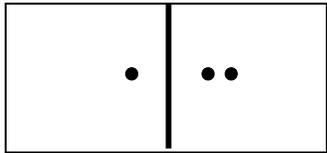

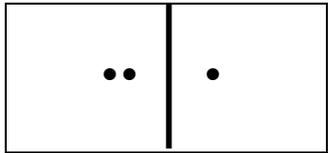

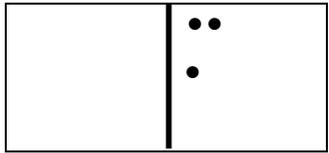

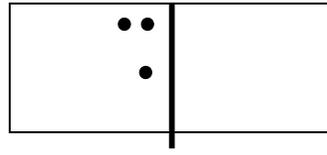

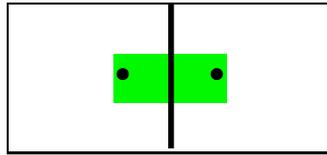

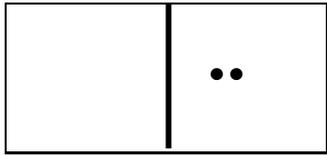

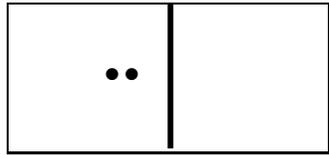

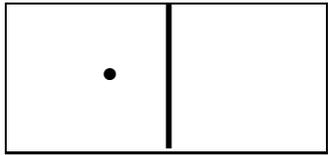

$3 + 3$

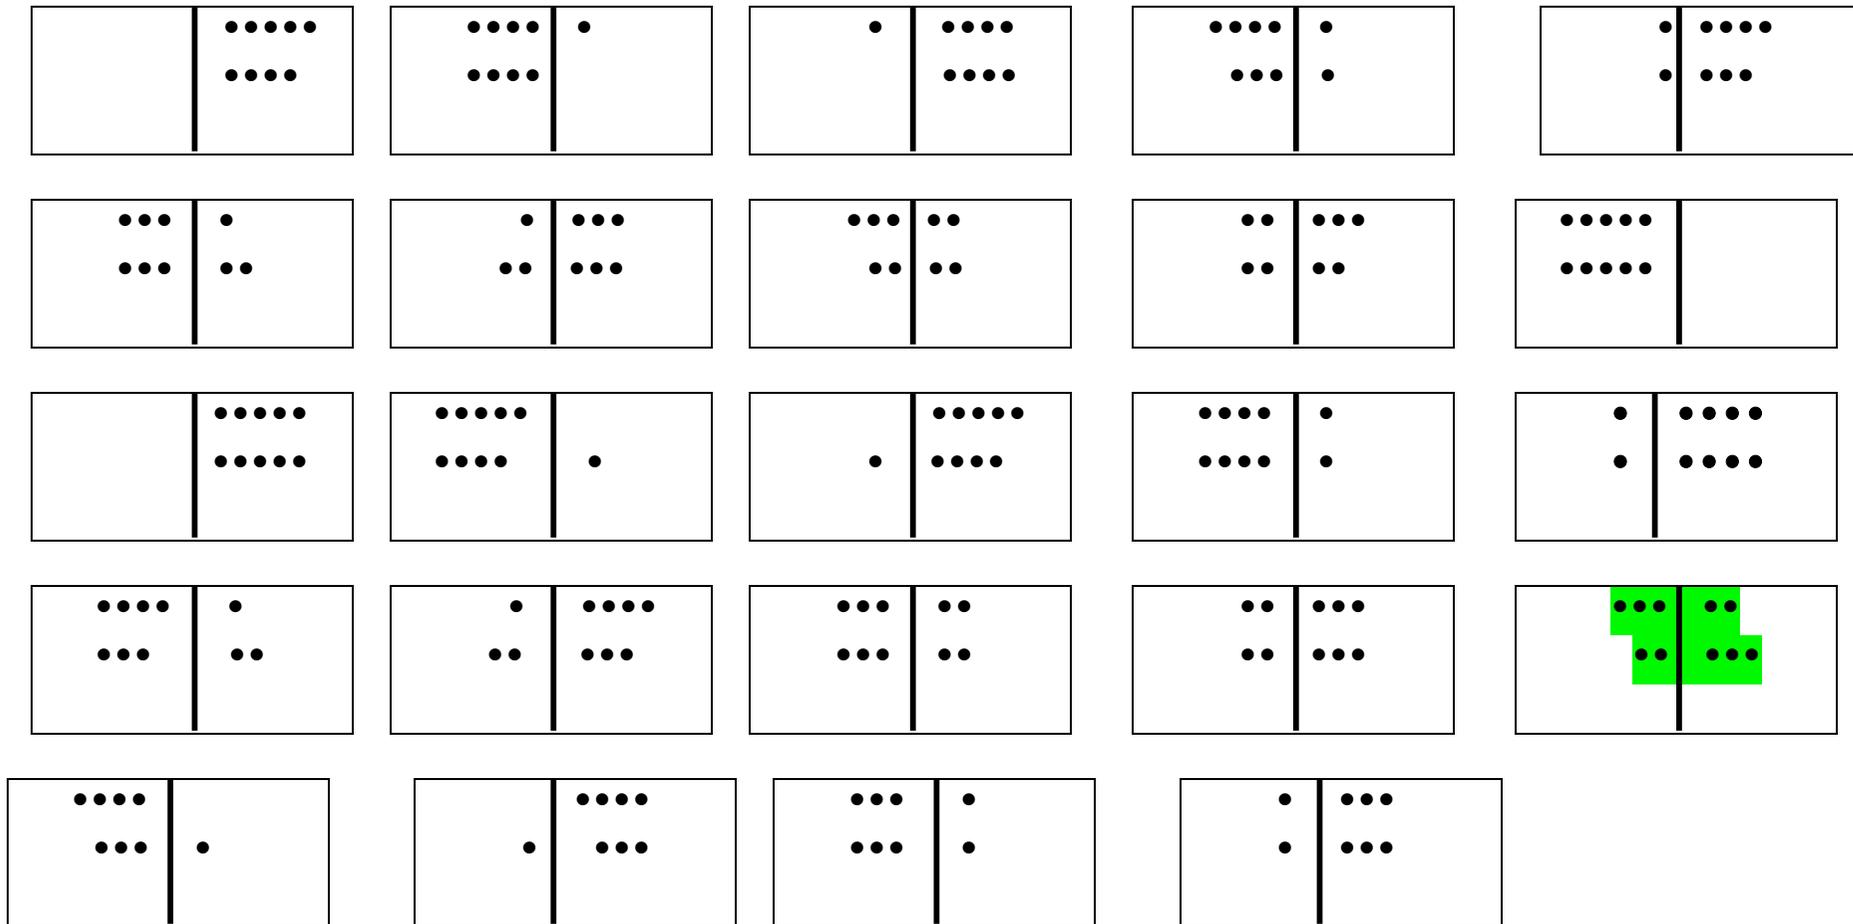

$4 + 4$

$5 + 5$

Anleitung:

Spiel doppelt ausdrucken und laminieren. Die kleinen Teile vorher ausschneiden. Die kleinen Teile (entweder Aufgaben mit Zahlen oder Punkten) werden verdeckt auf den Tisch gelegt. Jeder bekommt eine Tafel mit den Zahlentürmen (beide Tafeln von 1-10). Dann zieht man abwechselnd eine Karte und legt sie auf seinen Spielplan. Zieht man eine Karte die man schon hatte bekommt sie der Gegner.

Andere Spielmöglichkeit ist, dass man mit den Aufgaben jeweils Memory spielt.

Viel Spaß damit!!!
