

DARSTELLUNG DER ZAHLEN VON 1 BIS 10

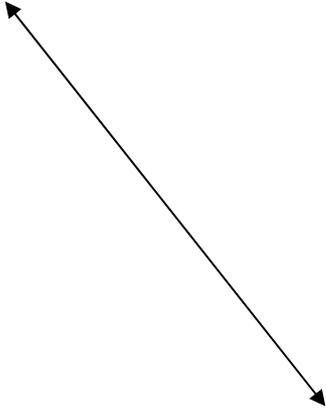

Auf den folgenden Seiten finden Sie eine einfache Darstellung der Zahlen von 1 bis 10.

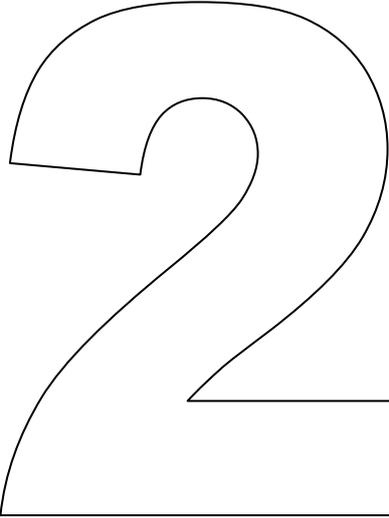

- in Handschrift geschrieben (Vereinfachte Ausgangsschrift)
- als geometrische Figur
- als große Zahl zum Anmalen

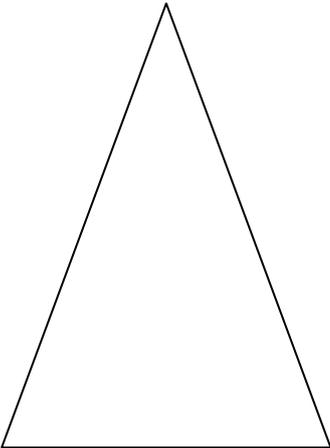

Die Blätter sind ideal für den Einstieg in das Rechentraining. Allerdings sollte nicht außer Acht gelassen werden, dass Blätter allein nicht reichen. Deswegen empfiehlt es sich, zusätzlich Material anzubieten, damit das Kind die Zahlen be-greifen kann.
